

CS 3733 Operating Systems — Fall 2006 Assignment 5

Name _____

Consecutively number the pages and fill in the table of contents below. Put a check mark in the box if you think the part was done correctly.

The functions from parts 1 through 4 of your Assignment 4, corrected if necessary, should be in the file `list_utility.c`. You should include this file for reference. You will also include the test programs you have written and the annotated output you have generated to convince me that the new client and server programs are working. You do not have to include the tests for the program that were (or should have been) written for Assignment 4.

Description	source page	lint page	test output	check if correct
